Brown & Toland Joins List of Best Places to Work for 2010

SAN FRANCISCO, CALIF. (April 30, 2010) Brown & Toland Physicians was named one of the 50 Best Places to Work in the San Francisco Bay Area for 2010.

“We have a strong company culture and employees are extremely proud of it,” says Chief Executive Officer Gloria Austin. “They are really the heart of this organization, and I am grateful to lead such an innovative and dynamic team.”

Long recognized as a leading Bay Area medical group, the company also enjoys an enviable loyalty among its staff. Of the 270 Brown & Toland employees, 1 in 4 has been with the company for 10 years or longer.

The company is driven by six core values: respect and teamwork; innovation; integrity; optimism; health; and being physician and patient focused.

Brown & Toland employees are particularly supportive of health related causes. This year, they raised more than \$20,000 for Haiti medical relief efforts in the two weeks after the quake. Over the past five years, employees have donated more than \$100,000 to the American Heart Association.

“We have a highly engaged workforce and strong company values,” says Mary Roggero, vice president of human resources. “Employees take pride in their work and are committed to supporting our physicians and members.”

Brown & Toland placed No. 40 on the list, which is published by the San Francisco Business Times.

About Brown & Toland Physicians

Brown & Toland is one of California’s largest and most successful physician networks. A leader in providing innovative technological solutions for its physicians, Brown & Toland has earned numerous awards for quality of care and disease management. Brown & Toland has more than 800 physicians caring for 300,000 HMO and PPO patients.
